FOR IMMEDIATE RELEASE

SR-128 Capell Creek Bridge Temporary One-Way Traffic Control In Capell Valley May 29 Through Summer of 2021

CAPELL VALLEY—Caltrans has scheduled temporary signalized one-way traffic control on State Route 128 (SR-128) over the Capell Creek Bridge in Capell Valley beginning May 29 and remaining in place until the summer of 2021 to accommodate construction of the bridge replacement.

Temporary traffic signals will be in place to guide the one-way traffic over the bridge and temporary barriers will be in place. Traffic speeds will be reduced to 25 mph on the bridge. The temporary one-way traffic control will be in effect 24/7 until the anticipated completion of the project in the summer of 2021.

A temporary modular steel bridge is being built for motorists to use while the existing bridge is demolished and the new structure is being built. When the temporary bridge is finished, traffic will be shifted to the new, temporary bridge. The one-way signalized traffic control will remain in place.
